Dividend payment methods

- 
1. Direct payment to your bank: You are encouraged to receive your dividends directly to your bank or building society account. This is more convenient and helps reduce the risk of cheques becoming lost or delayed in the post. The associated tax voucher will still be sent direct to your registered address. To switch to this method of payment you can download a dividend mandate form from the Shareview website (www.shareview.co.uk). Alternatively, you can contact Equiniti by telephone who will also be able to assist with any questions you may have.
- 
2. Overseas payment service: If you live overseas, Equiniti offers an Overseas Payment Service which is available in certain countries. This may make it possible to receive dividends direct into your bank account in your local currency*. Further information can be found on the Wolseley plc website, Shareview website or you can contact Equiniti by telephone.
- 
3. Dividend Reinvestment Plan ("DRIP"): The Company offers a DRIP which gives shareholders the opportunity to use their dividend to purchase further Wolseley shares. Instead of receiving cash, shareholders receive as many whole shares as can be bought with their dividend, taking into account related purchase costs. Any residual cash will be carried forward and added to their next dividend.

If you wish to join the DRIP, you can download copies of the DRIP terms and conditions and the DRIP mandate form from the Shareview website. Simply complete the DRIP mandate form and return it to Equiniti. Should you have any questions on the DRIP or wish for a paper mandate form to be sent to you, please contact Equiniti on 0371 384 2934. Please note that if you wish to join the DRIP in time for the 2015 final dividend, our Registrars, Equiniti, must have received the instruction by 12 November 2015. Instructions received by Equiniti after this date will be applied to the next dividend.

* Please note that a payment charge would be deducted from each individual payment before conversion into your local currency.

Shareholder communications

Annual General Meeting (“AGM”)

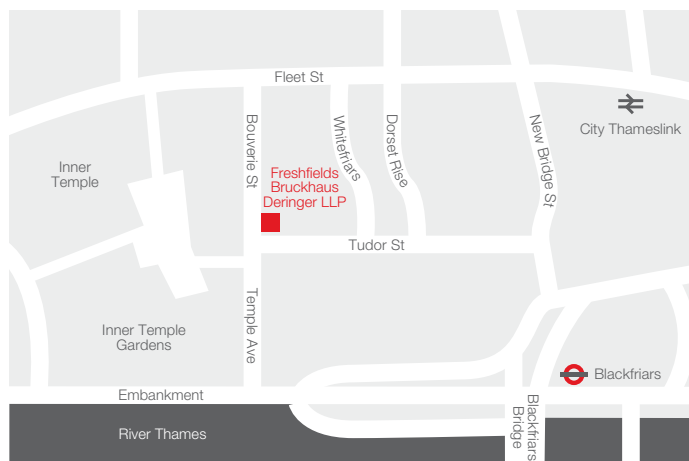

The 2015 AGM will be held on Tuesday, 1 December 2015 at Parkhotel, Industriestrasse 14, CH-6304, Zug, Switzerland and will commence at 3.00pm, Swiss time. An audio visual link to the meeting is proposed to be available at the offices of Freshfields Bruckhaus Deringer LLP, 26–28 Tudor Street, London EC4Y 0BQ, United Kingdom, commencing at 2.00pm (UK time).

The AGM provides an opportunity each year for shareholders to ask questions about the business in the Notice of AGM and to raise matters about the business of Wolseley. Full details of the AGM can be found in the Notice of AGM. Venue location maps are provided below.

Annual report

Wolseley publishes an annual report every year. It is sent to shareholders through the post as a printed document unless the shareholder has chosen to receive e-communications (see below).

E-communications

The Company offers shareholders the opportunity to access shareholder documents, such as annual reports and notices of AGM, via e-communications rather than receiving printed documents in the post. You will be notified by email as soon as shareholder documents are available on the website.

Managing your shares

Share registration enquiries

To manage your shareholding, please contact Equiniti. They will be able to assist you in various matters including:

- changing your registered name and address;

Forward-looking statements

Certain information included in this Annual Report and Accounts is forward-looking and involves risks, assumptions and uncertainties that could cause actual results to differ materially from those expressed or implied by forward-looking statements. Forward-looking statements cover all matters which are not historical facts and include, without limitation, projections relating to results of operations and financial conditions and the Company's plans and objectives for future operations, including, without limitation, discussions of expected future revenues, financing plans, expected expenditures and divestments, risks associated with changes in market conditions and pressures on margins, changes in the level of litigation, employee motivation, the performance and resilience of the Company's systems and infrastructure, the level of government regulation and financial risks (such as fluctuations in exchange and interest rates).

Forward-looking statements can be identified by the use of forward-looking terminology, including terms such as "believes", "estimates", "anticipates", "expects", "forecasts", "intends", "plans", "projects", "goal", "target", "aim", "may", "will", "would", "could" or "should" or, in each case, their negative or other variations or comparable terminology. Forward-looking statements are not guarantees of future performance. All forward-looking statements in this Annual Report and Accounts are based upon information known to the Company on the date of this Annual Report and Accounts. Accordingly, no assurance can be given that any particular expectation will be met and readers are cautioned not to place undue reliance on forward-looking statements, which speak only at their respective dates.

Additionally, forward-looking statements regarding past trends or activities should not be taken as a representation that such trends or activities will continue in the future. Other than in accordance with its legal or regulatory obligations (including under the UK Listing Rules, the Prospectus Rules, the Disclosure Rules and the Transparency Rules of the Financial Conduct Authority), the Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. Nothing in this Annual Report and Accounts shall exclude any liability under applicable laws that cannot be excluded in accordance with such laws.

Paper

This report is printed on Amadeus 50 Silk paper and cover board, with Amadeus 100 offset used in the financial section. Amadeus 50 Silk is made from 25 per cent de-inked post-consumer waste, 25 per cent unprinted pre-consumer waste and 50 per cent virgin fibre.

Amadeus 100 offset is made from 100 per cent de-inked post consumer waste. Both products are fully biodegradable and recyclable and produced in mills which hold ISO 9001 and ISO 14001 accreditation.

Printing

Printed by Pureprint Group. The printing inks are made with non-hazardous vegetable oil from renewable sources. Over 90 per cent of solvents and developers are recycled for further use and recycling initiatives are in place for all other waste associated with this production. Pureprint Group is FSC® with strict procedures in place to safeguard the environment through all processes.

The greenhouse gas emissions from the production and distribution of this Annual Report and Accounts have been neutralised through The Gold Standard Basa Magogo offsetting project in South Africa.

The first Gold Standard project of its kind in the world, this innovative behaviour-change programme teaches local communities in South Africa to burn coal differently in order to be more fuel efficient, thereby reducing carbon emissions. The technique, called Basa Magogo, means "Light it up! Grandmother" in Zulu. In addition to the emission reductions, the Basa Magogo technique also improves visibility and reduces health risks by producing less smoke.
